Lesson Plan and Presentation: Junior College Match Day
College Application Progress (CAP) Report for Juniors
Access College Grid
College Parent Guide
Lesson Plan: Orienting Juniors to Naviance
Exploring Institutional Graduation Rates
Resource List for Postsecondary Advising
Senior Passport: Tracking Postsecondary Milestones

Purpose

Postsecondary planning should begin earlier than senior year. Counselors and other educators should also ensure that programming is focused on students identifying themselves as learners and college-goers. The Network for College Success has found that a strong, school-wide focus on postsecondary outcomes can improve students’ college access and success. A school-wide focus is especially important in areas with low social capital - i.e. a lack of college graduates in a school’s neighborhood boundary. The Network for College Success does not believe in a “one-size-fits-all” or prescriptive approach as students navigate to their best possible college choices. In order to ensure equitable outcomes for all students, postsecondary planning activities should be adapted to meet students at their current stage of adolescent development as well as addressing their specific needs.

How & When to Use

Tool Set B contains school-based examples of student- and family-facing materials that can help Counselors and other educators organize the postsecondary process. For example, the College Application Progress (CAP) Report can be used to help each student keep track of postsecondary goals. The UChicago Consortium College Access Grid can situate a student’s academic qualifications in the context of their college options. The Resource List for Postsecondary Advising is a chart of online tools for college and career exploration, which could be used at a workshop or event, such as the Junior College Match Day example from Kelly High school. The two Senior Passports, similar to the Freshman Passport found in Tool Set A, usher students through the postsecondary process by helping them reach scaffolded benchmarks.
Lesson Plan and Presentation: Junior College Match Day

The presentation and lesson plan from Kelly High School helps highly-qualified juniors understand the importance of match in the college application process.
Lesson Plan: Junior College Match Day
Sample from Kelly High School

**Outcomes**

- Students will be introduced to the concept of College Match
- Students will know their selectivity level on the College Access Grid
- Students will get an overview of colleges within their selectivity level
- Students will get an overview of the college application process

### Match Level: Very Selective/Selective

Junior College Match Day

Sample from Kelly High School

What is College Match?

A formula based on your unweighted GPA and ACT scores that matches you to appropriate postsecondary institutions.
Examples of Very Selective Schools in Illinois

- Illinois Institute of Technology
- University of Chicago
- University of Illinois Urbana-Champaign
- Northwestern University
- Illinois Wesleyan University
- Wheaton College

Examples of Selective Schools in Illinois

- Augustana College
- Bradley University
- DePaul University
- Illinois College
- Knox College
- Lake Forest College

- Loyola University
- McKendree College
- North Central College
- Rockford College
- Roosevelt University
- Trinity Christian College
Types of Colleges: Safety | Reach | Match

- Your current Match Level might **change** based on your real ACT (not practice test)
- You should apply to at least one **Safety** college (Somewhat Selective) and one **Reach** college (Very Selective)
  - Most students in this Match Level under-match
  - Studies show graduation rates increase when you enroll in a college that is in your Match Level!

Types of Colleges: Safety | Reach | Match (cont.)

- Don’t like your ACT score?
  - **Re-take** the ACT! The next ACT test is **October 25, 2014**. You can get a fee waiver and register by **September 19**.
  - Maintain excellent grades in your **senior year**!
- **Apply Early Action** (in November) when it is less competitive!
Beware of Proprietary Schools

- These are **for-profit** (to make money) and predatory companies
- They cost **a lot** more than city and community colleges

Examples:
- Everest College
- Lincoln Technical Institute
- The Illinois Institute of Art Chicago
- Northwestern College
- Harrington College of Design

Beware of Proprietary Schools (cont.)

- They offer certificates that are all **available at city and community colleges**
- Don’t sign anything or give them your contact information unless you are really serious about enrolling in one of these schools

Examples:
- University of Phoenix
- Universal Technical Institute
- Le Cordon Bleu: College of Culinary Arts
- International Academy of Design and Technology
The Application Process: Early Action | Early Decision

- **Early Action**
  - Apply *Early* (November 15)
  - Receive response early (January 15)
  - Typically less competitive
  - You will receive priority for merit scholarships
  - *Not required to enroll*

- **Early Decision**
  - Same as Early Action but…
  - You can only apply *Early Decision* to 1 school (your first choice)
  - Not offered by all schools
  - This is a *binding* contract
  - *Required to enroll*

The Application Process: Regular Decision

- **Regular Decision**
  - This puts you in the general pool for admission = more competitive
  - *You must* still meet their deadlines to be considered for admission
The Application Process: Common Application

The Common Application is an online application that allows you to apply to any participating college using one application. Many schools in your Match Level use the Common Application exclusively.

- Complete all personal and educational information
- Write about your extracurricular activities
- 500-650 word essay answering one of five questions

The Application Process: Common Application (cont.)

- Some colleges require supplemental writing portions
- Most colleges require one teacher recommendation
- All schools require one Counselor recommendation (complete and turn in a Personal Profile to your Counselor in September)
Over the Summer

1. Pick 6 to 10 potential colleges
   ○ Visit colleges you are interested in!
   ○ Review application requirements on their “prospective students,” “admissions” or “undergraduate” web pages

2. Participate in summer college programs, interview for a job/internship, and/or participate in dual enrollment classes

Over the Summer (cont.)

3. Prepare a draft of your personal statement using the Common Application questions

4. Choose people to ask for letters of recommendation
   ○ Teachers, Counselor, employers
   ○ Give them a personal profile or resume to help them write the letter
Dual Enrollment

Allows you to **gain college credit** while you are enrolled in high school through the City Colleges of Chicago

- **Courses offered:**
  - Biology, English, Math, Philosophy, Business, Manufacturing, Computer Informational Systems, Sociology, Humanities, History, Literature, Philosophy
Making Postsecondary Plans

College Access Grid

Based on the UChicago Consortium’s 2008 report, *Potholes on the Road to College*, the College Access Grid has become a ubiquitous tool in the Chicago postsecondary landscape. The Grid shows a student’s college match level based on their Unweighted GPA and ACT score.
College Access Grid

Find your unweighted GPA and your ACT score, then circle the box where they meet. This is your College Match Level. Students should spend most of their time applying to match colleges and universities because:

1. It increases the chance of being accepted
2. It increases the chance of graduating

**TABLE 1**

<table>
<thead>
<tr>
<th>Composite ACT Score</th>
<th>Unweighted GPA in Core Courses</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>&lt;2.0</td>

</table>

**Note:** Students in the Selective category who are either in an IB program or have taken at least two AP and at least six honors courses are moved up to the Very Selective category.
College Application Progress (CAP) Report for Juniors

This sample tool from Schurz High School helps juniors understand their selectivity level and gives each student examples of local colleges matching their qualifications.
College Application Progress (CAP) Report for Juniors
Sample from Schurz High School

Name: Jane Brooks | Cumulative Unweighted GPA: 2.71 | Cumulative Weighted GPA: 2.91
Practice SAT: 930 | Practice ACT: 19 | Current Access: Somewhat Selective

Students and Families

The following two tables can serve as useful tools when thinking about and planning for life after Schurz High School. The first table offers three viable college options, based on current college access level information (see above). The second table is a College Access Grid developed by the University of Chicago that illustrates the relationship between GPA, test scores, and patterns in college acceptance. As a junior in high school, access levels can change depending on ACT performance and grades in classes next year.

Lesson Plan: Orienting Juniors to Naviance

A lesson plan that introduces juniors to Naviance, a postsecondary planning software, so they can explore college options before senior year.
Lesson Plan: Orienting Juniors to Naviance

Objective
Students will explore their postsecondary options and learn about important Naviance features, including: updating profile information, engaging in a college search, and using the Super Match tool.

Essential Question
How do I use Naviance to explore college options before my senior year?

Student Will Be Able To
• Log in to Naviance account and utilize basic functions
• Use the Super Match tool to deepen understanding of match

Materials
• Laptop
• Projector
• How to Use Naviance for College Research handout

Introduction
• To begin, there will be a round-robin where students answer the following question:
  ° What is your name and what is your top college choice or plan for life after high school?
• Facilitators will introduce themselves and provide the objective of today’s session.
• Explain: “Today we will introduce a tool that will be essential for you to engage in postsecondary planning during senior year. You can use Naviance to keep track of your college applications and scholarships, and to request that your transcripts, letters of recommendation, and other documents are sent. I’m also going to demonstrate how to use some essential functions. Any questions?”

Step 1
10 minutes
Naviance Demonstration

- Go to the Naviance login page.
  - Click on “Student Login” and use email and password.
  - Navigate to the student perspective in “Family Connection.” (This should be projected so that all students are following along.)
- Explain: “Today, we are going to focus on just a few tools under “College Research.” You can see that there are many other areas that you can utilize, which you can explore on your own time or in the College Lab with your Counselor. Any questions?”
- Click on “College Lookup.” Type in the name of a university (i.e. University of Illinois at Chicago). Now, highlight aspects of the general information, admissions, financial aid, etc.
- Click on “Super Match.” Explain: “The Super Match tool uses your Grade Point Average (GPA) and ACT (when available) to match you to colleges where your academic qualifications are on par with the average incoming freshman. You can also update the fit characteristics on this side panel here. Any questions?”

College Research

- Students have 25 minutes to navigate Naviance on their own.
- Explain: “When you come back in the fall, you will have to be ready to submit applications right away! We want you to be able to utilize Naviance over the summer to engage in postsecondary planning. For the next 25 minutes, please stay confined to the “College Research” functions in Naviance, which includes College Search, Look Up, Super Match, and Scattergram. There will be staff members floating around the room who will check-in with you today. Any questions?”

Wrap Up

- To wrap up, regain the attention of the classroom five minutes before the end of the period. Ask one to two students to share out on the following question:
  - How will you use Naviance this summer to engage in postsecondary planning?
Exploring Institutional Graduation Rates

An exercise for students to compare college options by graduation rates, affordability, gender, and race using practical online tools. Students can use the nationally-vetted sources and tools to inform their college exploration.
Exploring Institutional Graduation Rates
Online Tools for College Exploration

**College Affordability and Transparency Center**

The College Affordability and Transparency Center (CATC) was designed by the U.S. Department of Education to meet requirements in the Higher Education Opportunity Act and to provide better information to student and parent consumers about college costs. It serves as a central point to several tools that allow users to compare colleges tuition and fees, net price, and other characteristics. The CATC is maintained by the Office of Postsecondary Education with support and technical assistance from the National Center of Education Statistics.

*description taken directly from organization website*

**College Navigator**

College Completion is a microsite produced by The Chronicle of Higher Education with support from the Bill & Melinda Gates Foundation. Its goal is to share data on completion rates in American higher education in a visually stimulating way. This microsite is a tool to help you navigate a complex subject: which colleges do the best job of graduating their students?

*description taken directly from organization website*

**College Results Online**

College Results Online (CRO) is an interactive, user-friendly web tool designed to provide policymakers, counselors, parents, students, and others with information about college graduation rates for nearly any four-year college or university in the country. This information reveals that some colleges do a much better job of graduating students than others. It also shows that at many colleges, significant gaps exist in graduation rates between white students and students of color. But, it also provides powerful examples of colleges that prove that low graduation rates - especially for diverse students - are not inevitable.

*description taken directly from organization website*
Institution Comparison Chart

Utilizing the online tools, compare graduation rates and other criteria for the colleges you are exploring. Fill in the chart and reflect on the questions below.

<table>
<thead>

To view Schurz’s Senior Passport, click here >> Coming soon!
Senior Passport: Tracking Postsecondary Milestones
Sample from Tilden High School

**Research your college options**
- SEP 11: Meet with Counselor
- SEP 21: Complete brag sheet
- SEP 28: Revise and finalize personal statement
- OCT 5: Begin College Applications

**DEC 18**
- Finalize and give college application packets to Counselors
- Submit your Free Application for Federal Student Aid/ Provide counselor with copy of your Student Aid Report
- Complete at least 3 Scholarship Applications

**DEC 11**
- Complete Resume
- Request Letters of Recommendation
- Research and finalize list of 5 schools to apply to

**END OF SEM 1**
- Confirm that you are on track to graduate
- Complete 40 Service Learning hours
- Give copies of acceptance letters to Counselor

**END OF QUARTER 3**
- Complete Senior Exit Survey
- Accept your financial aid award
- Review financial aid award letters with Counselor

**GRADUATION!**
- Complete enrollment at your school of choice
- Review Senior Exit Survey
- Complete Senior Exit Survey
