

Educational Attainment in Humboldt Park

This report provides an overview of historic trends among Chicago Public Schools students from Humboldt Park on five milestones along the path to and through college. The data in this report is designed to give community stakeholders actionable information to inform their efforts to propel more students to and through high school and college. While the data shown here can start conversations about how to meaningfully invest in students from Humboldt Park, it only begins to tell the full story. Explore in-depth data on high school outcomes and post-secondary experiences in Humboldt Park through the [To&Through online tool](#).

Using data to guide school improvement means that the conversation around the data is just as important as the data itself. Using accompanying discussion guides alongside this report and the To&Through online tool can help your community or team socialize foundational knowledge on research-based indicators, form consensus around goals and strategies for improvement, and build an imperative for your collective work supporting equitable outcomes.

The data displayed in this report may differ from data provided directly from CPS. [Read](#) about how we define student groups and calculate rates.

Putting Data in Context

This report focuses on educational outcomes for Chicago Public Schools students from Humboldt Park. This data cannot be understood in a vacuum, however. Student attainment data must be analyzed through a critical lens which situates outcomes within the historical, political, and social context of a community. Only then can student data be part of a collaborative dialogue about the inequitable policies, systems, and practices that prevent CPS students, and particularly Black and Brown students, from reaching their academic potential.

Below is a brief snapshot of some metrics about the population of Humboldt Park. This data is designed to spur thinking about what historical and contemporary factors in a community sculpt the educational experiences of the young people who live in it as you engage with the data in this report.

	Humboldt Park	Chicago
Total Population	55,416	2,721,914
Race and Ethnic Breakdown of Total Population	<ul style="list-style-type: none"> • 50% Latino • 12% White • 35% Black • 2% Asian/Pacific Islander • 2% Other 	<ul style="list-style-type: none"> • 29% Latino • 33% White • 28% Black • 7% Asian/Pacific Islander • 3% Other

College Enrollment in Humboldt Park

59%

of 2023 high school graduates from Humboldt Park enrolled in college in fall of 2023. Students' choice of college influences their likelihood of earning a college degree. Students who choose a college with a strong track record of graduating its students, and which fits their unique financial, geographic, and cultural needs, are more likely to earn a college degree or credential. College may not be the best path for every student, but due to data limitations, we are not currently able to track outcomes for non-college pathways (for example, military service, trade school, workforce).

Where do high school graduates from Humboldt Park enroll in college?

Students' choice of college influences their likelihood of earning a college degree. Students who choose a college with a strong track record of graduating its students are more likely to earn a college degree or credential.

Putting Data in Context

- How homogenous or heterogenous are the college enrollment choices of students from Humboldt Park?
- What community-based factors might contribute to students' enrollment decisions?

2023 enrollment of CPS graduates from Humboldt Park by the 5 most commonly attended colleges

	Graduates Enrolled	URM Grad Rate	Institutional Grad Rate	Institution Type
University of Illinois at Chicago	53	53%	62%	4 year
City Colleges of Chicago-Malcolm X College	36	18%	19%	2 year
University of Illinois at Urbana-Champaign	26	73%	85%	4 year
City Colleges of Chicago-Wilbur Wright College	25	26%	30%	2 year
Dominican University	23	54%	59%	4 year
