

Educational Attainment in Burnside

This report provides an overview of historic trends among Chicago Public Schools students from Burnside on five milestones along the path to and through college. The data in this report is designed to give community stakeholders actionable information to inform their efforts to propel more students to and through high school and college. While the data shown here can start conversations about how to meaningfully invest in students from Burnside, it only begins to tell the full story. Explore in-depth data on high school outcomes and post-secondary experiences in Burnside through the [To&Through online tool](#).

Using data to guide school improvement means that the conversation around the data is just as important as the data itself. Using accompanying discussion guides alongside this report and the To&Through online tool can help your community or team socialize foundational knowledge on research-based indicators, form consensus around goals and strategies for improvement, and build an imperative for your collective work supporting equitable outcomes.

The data displayed in this report may differ from data provided directly from CPS. [Read](#) about how we define student groups and calculate rates.

Putting Data in Context

This report focuses on educational outcomes for Chicago Public Schools students from Burnside. This data cannot be understood in a vacuum, however. Student attainment data must be analyzed through a critical lens which situates outcomes within the historical, political, and social context of a community. Only then can student data be part of a collaborative dialogue about the inequitable policies, systems, and practices that prevent CPS students, and particularly Black and Brown students, from reaching their academic potential.

Below is a brief snapshot of some metrics about the population of Burnside. This data is designed to spur thinking about what historical and contemporary factors in a community sculpt the educational experiences of the young people who live in it as you engage with the data in this report.

	Burnside	Chicago

College Enrollment in Burnside

50%

of 2023 high school graduates from Burnside enrolled in college in fall of 2023. Students' choice of college influences their likelihood of earning a college degree. Students who choose a college with a strong track record of graduating its students, and which fits their unique financial, geographic, and cultural needs, are more likely to earn a college degree or credential. College may not be the best path for every student, but due to data limitations, we are not currently able to track outcomes for non-college pathways (for example, military service, trade school, workforce).

Where do high school graduates from Burnside enroll in college?

Students' choice of college influences their likelihood of earning a college degree. Students who choose a college with a strong track record of graduating its students are more likely to earn a college degree or credential.

Putting Data in Context

- How homogenous or heterogenous are the college enrollment choices of students from Burnside?
- What community-based factors might contribute to students' enrollment decisions?

2023 enrollment of CPS graduates from Burnside by the 5 most commonly attended colleges

Graduates Enrolled	URM Grad Rate	Institutional Grad Rate	Institution Type
No colleges to show.			
In order to preserve students' anonymity, only colleges that enrolled at least 5 students from Burnside in 2023 are included in this table.
