| High School        | Number of 9th Graders | Percentage of 9th Graders | High School Type     |
|--------------------|-----------------------|---------------------------|----------------------|
| Kenwood            | 90                    | 49%                       | Neighborhood         |
| Martin Luther King | 13                    | 7%                        | Selective enrollment |
| Dyett Arts         | 12                    | 7%                        | Neighborhood         |
| Tilden             | 10                    | 5%                        | Neighborhood         |
| Whitney Young      | 6                     | 3%                        | Selective enrollment |
| Other High Schools | 53                    | 29%                       |                      |

### How do I use this dataset?

This report provides a snapshot of important milestones on the path to college completion for students from Kenwood. The report can be a starting place to ask deeper questions about Kenwood's data, like:

- What are the current milestone rates? How do these rates differ for different student groups?
- How have trends in these milestones changed overtime? What historical context and factors may have affected these rates?
- What additional context about student experiences can help me better understand these milestone rates?
