9th Grade On-Track at Northside Prep

of 2020–2021 first-time 9th graders at Northside Prep were on-track to graduate from high school in 4 years. Students who are on-track at the end of ninth grade are nearly three times more likely to graduate from high school than students who are off-track. A student is on-track if they earn at least 6.5 total credits by the end of ninth grade, meaning they can fail no more than 1 semester course (including non-core subjects). Additionally, students who obtain a 3.0 GPA or above in high school are more likely to graduate from a four-year college within six years.

What does 9th Grade On-Track look like at Northside Prep and how does it compare to rates across CPS?

2020–2021 Northside Prep 9th Graders

- 92% on-track with a GPA of 3.0 or above
- 8% on-track with a GPA below 3.0
- 0% off-track

All 2020–2021 CPS 9th Graders

- 48% on-track with a GPA of 3.0 or above
- 37% on-track with a GPA below 3.0
- 14% off-track

How does 8th grade performance relate to 9th grade success at Northside Prep?

9th Grade On-Track and 3.0 rates for Northside Prep's first-time 9th graders over time

- On-track 9th graders with a GPA below 3.0 for all students
- On-track 9th graders with a GPA of 3.0 or above for all students

We use a 3.0 GPA (or “Bs or better”) as an early indicator of college readiness, because high school GPA is the best available indicator of college success.

How do 9th Grade On-Track rates vary by gender at Northside Prep?

Across the city, we see differences in ninth-grade performance for young men and young women. Some of this difference is due to the different ways in which young women and young men experience the transition to high school. Explore [student OnTrack data](#) at Northside Prep across genders to reflect on how your school is supporting the academic and social development of students of different genders.

High School Graduation at Northside Prep

of 2017–2018 first-time 9th graders at Northside Prep graduated high school by spring of 2021. Graduating high school with a high level of academic achievement is among the most important markers along the road to college success. Students who graduate from high school with a GPA of 3.0 or above have at least a 50 percent probability of graduating from a four-year college within six years. In order to graduate from high school on time, students must obtain a minimum of 24 credits.

How many 9th graders at Northside Prep graduated from high school and what were the college access levels of those graduates?

2021 Northside Prep College Access Level at Graduation

Data not available

Our college access framework breaks students into different groups based on their graduating GPA and ACT scores (or converted SAT scores). Students with selective access are likely to be accepted to selective and very selective four-year colleges, students with somewhat selective access are likely to be accepted to somewhat selective and non-selective four-year colleges, and students with two-year access are likely to be accepted to two-year colleges.

[Explore high school performance data](#) to see how college access changed over time at Northside Prep.

How has the high school graduation rate and the proportion of students graduating with a 3.0 or above at Northside Prep changed over time?

4-year high school graduation rates since for all 9th graders

No data available for prior years.

Students who graduate from high school with a GPA of 3.0 or above have at least a 50 percent probability of graduating from a four-year college within six years.

How do High School Graduation rates vary by 9th grade on-track status at Northside Prep?

Explore [high school graduation data](#) to learn how predictive ninth-grade performance is of end-of-high-school outcomes at your school. This information can help school teams identify priority points of intervention for improving students' course performance.
