Freshman OnTrack at Juarez

of 2020–2021 first-time freshmen at Juarez were on-track to graduate from high school in 4 years. Students who are on-track at the end of ninth grade are nearly three times more likely to graduate from high school than students who are off-track. A student is on-track if they fail no more than one semester of a core course and earns at least 5 credits by the end of freshman year. Additionally, only students who earn a 3.0 GPA or above in high school have at least a 50 percent chance of graduating from a four-year college within six years.

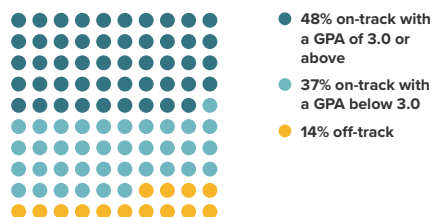

What does Freshman OnTrack look like at Juarez and how does it compare to rates across CPS?

2020–2021 Juarez Freshmen

Data not available

All 2020–2021 CPS Freshmen

How does 8th grade performance relate to 9th grade success at Juarez?

Freshman OnTrack and 3.0 rates for Juarez's first-time freshmen over time

This graph did not show enough recent data and has been disabled.

This happens when, in two or more of the most recent five years, data was not available or there were fewer than 10 students in a group.

We use a 3.0 GPA (or “Bs or better”) as an early indicator of college readiness, because high school GPA is the best available indicator of college success.

How do Freshman OnTrack rates vary by gender at Juarez?

Across the city, we see differences in freshman performance for young men and young women. Some of this difference is due to the different ways in which young women and young men experience the transition to high school. Explore [student OnTrack data](#) at Juarez across genders to reflect on how your school is supporting the academic and social development of students of different genders.

High School Graduation at Juarez

of 2017–2018 first-time freshmen at Juarez graduated high school by spring of 2021. Graduating high school with a high level of academic achievement is among the most important markers along the road to college success. Students who graduate from high school with a GPA of 3.0 or above have at least a 50 percent probability of graduating from a four-year college within six years. In order to graduate from high school on time, students must earn a minimum of 24 credits.

How many freshmen at Juarez graduated from high school and what were the college access levels of those graduates?

2021 Juarez College Access Level at Graduation

Data not available

Our college access framework breaks students into different groups based on their graduating GPA and ACT scores (or converted SAT scores). Students with selective access are likely to be accepted to selective and very selective four-year colleges, students with somewhat selective access are likely to be accepted to somewhat selective and non-selective four-year colleges, and students with two-year access are likely to be accepted to two-year colleges.

[Explore high school performance data](#) to see how college access changed over time at Juarez.

How has the high school graduation rate and the proportion of students graduating with a 3.0 or above at Juarez changed over time?

4-year high school graduation rates since for all freshmen

No data available for prior years.

Students who graduate from high school with a GPA of 3.0 or above have at least a 50 percent probability of graduating from a four-year college within six years.

How do High School Graduation rates vary by Freshman OnTrack status at Juarez?

Explore [high school graduation data](#) to learn how predictive ninth-grade performance is of end-of-high-school outcomes at your school. This information can help school teams identify priority points of intervention for improving students' course performance.
