## 9th Grade On-Track at Art in Motion Charter School

of 2021–2022 first-time 9th graders at Art in Motion Charter School were on-track to graduate from high school in 4 years. Students who are on-track at the end of ninth grade are nearly three times more likely to graduate from high school than students who are off-track. A student is on-track if they earn at least 6.5 total credits by the end of ninth grade, meaning they can fail no more than 1 semester course (including non-core subjects). Additionally, students who obtain a 3.0 GPA or above in high school are more likely to graduate from a four-year college within six years.

### What does 9th Grade On-Track look like at Art in Motion Charter School and how does it compare to rates across CPS?

2021–2022 Art in Motion Charter School 9th Graders

All 2021–2022 CPS 9th Graders

### How does 8th grade performance relate to 9th grade success at Art in Motion Charter School?

9th Grade On-Track and 3.0 rates for Art in Motion Charter School's first-time 9th graders over time

**This graph did not show enough recent data and has been disabled.**

This happens when, in two or more of the most recent five years, data was not available or there were fewer than 10 students in a group.

We use a 3.0 GPA (or “Bs or better”) as an early indicator of college readiness, because high school GPA is the best available indicator of college success.

### How do 9th Grade On-Track rates vary by gender at Art in Motion Charter School?

Across the city, we see differences in ninth-grade performance for young men and young women. Some of this difference is due to the different ways in which young women and young men experience the transition to high school. Explore [student OnTrack data](#) at Art in Motion Charter School across genders to reflect on how your school is supporting the academic and social development of students of different genders.

# College Enrollment at Art in Motion Charter School

of 2022 high school graduates from Art in Motion Charter School enrolled in college in fall of 2022. Students' choice of college influences their likelihood of earning a college degree. Students who choose a college with a strong track record of graduating its students, and which fits their unique financial, geographic, and cultural needs, are more likely to earn a college degree or credential. College may not be the best path for every student, but due to data limitations, we are not currently able to track outcomes for non-college pathways (for example, military service, trade school, workforce).

## What institutions do Art in Motion Charter School's college enrollees attend and what are the graduation rates of those institutions?

Students' choice of college influences their likelihood of earning a college degree. Students who choose a college with a strong track record of graduating its students are more likely to earn a college degree or credential.

### 2022 enrollment of Art in Motion Charter School graduates by the 5 most commonly attended colleges

Graduates Enrolled	URM Grad Rate	Institutional Grad Rate	Institution Type
<i>No colleges to show.</i>			
<small><i>In order to preserve students' anonymity, only colleges that enrolled at least 5 students from Art in Motion Charter School in 2022 are included in this table.</i></small>
