9th Grade On-Track at Englewood STEM HS

of 2021–2022 first-time 9th graders at Englewood STEM HS were on-track to graduate from high school in 4 years. Students who are on-track at the end of ninth grade are nearly three times more likely to graduate from high school than students who are off-track. A student is on-track if they earn at least 6.5 total credits by the end of ninth grade, meaning they can fail no more than 1 semester course (including non-core subjects). Additionally, students who obtain a 3.0 GPA or above in high school are more likely to graduate from a four-year college within six years.

What does 9th Grade On-Track look like at Englewood STEM HS and how does it compare to rates across CPS?

2021–2022 Englewood STEM HS 9th Graders

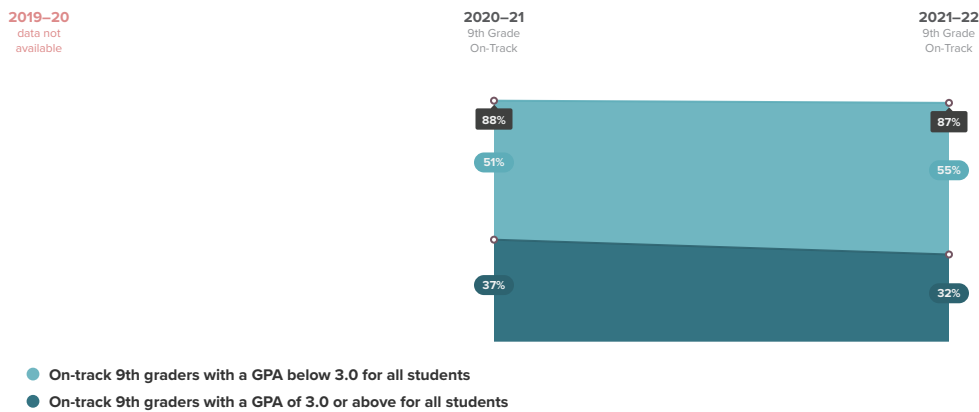

All 2021–2022 CPS 9th Graders

How does 8th grade performance relate to 9th grade success at Englewood STEM HS?

9th Grade On-Track and 3.0 rates for Englewood STEM HS's first-time 9th graders over time

We use a 3.0 GPA (or “Bs or better”) as an early indicator of college readiness, because high school GPA is the best available indicator of college success.

How do 9th Grade On-Track rates vary by gender at Englewood STEM HS?

Across the city, we see differences in ninth-grade performance for young men and young women. Some of this difference is due to the different ways in which young women and young men experience the transition to high school. Explore [student OnTrack data](#) at Englewood STEM HS across genders to reflect on how your school is supporting the academic and social development of students of different genders.
