9th Grade On-Track at Steinmetz

67%

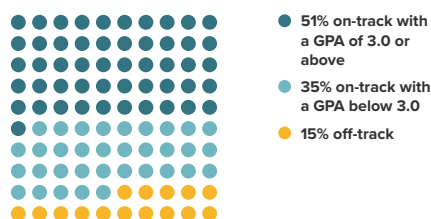

of 2022–2023 first-time 9th graders at Steinmetz were on-track to graduate from high school in 4 years. Students who are on-track at the end of ninth grade are nearly three times more likely to graduate from high school than students who are off-track. A student is on-track if they earn at least 6.5 total credits by the end of ninth grade, meaning they can fail no more than 1 semester course (including non-core subjects). Additionally, students who obtain a 3.0 GPA or above in high school are more likely to graduate from a four-year college within six years.

What does 9th Grade On-Track look like at Steinmetz and how does it compare to rates across CPS?

2022–2023 Steinmetz 9th Graders

All 2022–2023 CPS 9th Graders

How does 8th grade performance relate to 9th grade success at Steinmetz?

9th Grade On-Track and 3.0 rates for Steinmetz's first-time 9th graders over time

We use a 3.0 GPA (or “Bs or better”) as an early indicator of college readiness, because high school GPA is the best available indicator of college success.

How do 9th Grade On-Track rates vary by gender at Steinmetz?

Across the city, we see differences in ninth-grade performance for young men and young women. Some of this difference is due to the different ways in which young women and young men experience the transition to high school. Explore [student OnTrack data](#) at Steinmetz across genders to reflect on how your school is supporting the academic and social development of students of different genders.

High School Graduation at Steinmetz

77%

of 2019–2020 first-time 9th graders at Steinmetz graduated high school by spring of 2023. Graduating high school with a high level of academic achievement is among the most important markers along the road to college success. Students who graduate from high school with a GPA of 3.0 or above have at least a 50 percent probability of graduating from a four-year college within six years. In order to graduate from high school on time, students must obtain a minimum of 24 credits.

How many 9th graders at Steinmetz graduated from high school and what were the college access levels of those graduates?

Our college access framework breaks students into different groups based on their graduating GPA and ACT scores (or converted SAT scores). Students with selective access are likely to be accepted to selective and very selective four-year colleges, students with somewhat selective access are likely to be accepted to somewhat selective and non-selective four-year colleges, and students with two-year access are likely to be accepted to two-year colleges.

[Explore high school performance data](#) to see how college access changed over time at Steinmetz.

How has the high school graduation rate and the proportion of students graduating with a 3.0 or above at Steinmetz changed over time?

4-year high school graduation rates since for all 9th graders

No data available for prior years.

Students who graduate from high school with a GPA of 3.0 or above have at least a 50 percent probability of graduating from a four-year college within six years.

How do High School Graduation rates vary by 9th grade on-track status at Steinmetz?

Explore [high school graduation data](#) to learn how predictive ninth-grade performance is of end-of-high-school outcomes at your school. This information can help school teams identify priority points of intervention for improving students' course performance.

College Enrollment at Steinmetz

59%

of 2023 high school graduates from Steinmetz enrolled in college in fall of 2023. Students' choice of college influences their likelihood of earning a college degree. Students who choose a college with a strong track record of graduating its students, and which fits their unique financial, geographic, and cultural needs, are more likely to earn a college degree or credential. College may not be the best path for every student, but due to data limitations, we are not currently able to track outcomes for non-college pathways (for example, military service, trade school, workforce).

What institutions do Steinmetz's college enrollees attend and what are the graduation rates of those institutions?

Students' choice of college influences their likelihood of earning a college degree. Students who choose a college with a strong track record of graduating its students are more likely to earn a college degree or credential.

2023 enrollment of Steinmetz graduates by the 5 most commonly attended colleges

	Graduates Enrolled	URM Grad Rate	Institutional Grad Rate	Institution Type
City Colleges of Chicago-Wilbur Wright College	42	31%	33%	2 year
University of Illinois at Chicago	11	52%	60%	4 year
Columbia College Chicago	7	44%	48%	4 year
Northern Illinois University	6	34%	50%	4 year
Northeastern Illinois University	5	11%	17%	4 year

How have two-year and four-year college enrollment rates for graduates at Steinmetz changed over time?

College enrollment rates since 2008

How do enrollment rates for 2-year and 4-year colleges vary by gender at Steinmetz?
