9th Grade On-Track at Collins Academy

of 2022–2023 first-time 9th graders at Collins Academy were on-track to graduate from high school in 4 years. Students who are on-track at the end of ninth grade are nearly three times more likely to graduate from high school than students who are off-track. A student is on-track if they earn at least 6.5 total credits by the end of ninth grade, meaning they can fail no more than 1 semester course (including non-core subjects). Additionally, students who obtain a 3.0 GPA or above in high school are more likely to graduate from a four-year college within six years.

What does 9th Grade On-Track look like at Collins Academy and how does it compare to rates across CPS?

2022–2023 Collins Academy 9th Graders

All 2022–2023 CPS 9th Graders

How does 8th grade performance relate to 9th grade success at Collins Academy?

9th Grade On-Track and 3.0 rates for Collins Academy's first-time 9th graders over time

On-track 9th graders with a GPA below 3.0 for all students

On-track 9th graders with a GPA of 3.0 or above for all students

We use a 3.0 GPA (or "Bs or better") as an early indicator of college readiness, because high school GPA is the best available indicator of college success.

How do 9th Grade On-Track rates vary by gender at Collins Academy?

Across the city, we see differences in ninth-grade performance for young men and young women. Some of this difference is due to the different ways in which young women and young men experience the transition to high school. Explore <u>student</u> <u>OnTrack data</u> at Collins Academy across genders to reflect on how your school is supporting the academic and social development of students of different genders.

High School Graduation at Collins Academy

of 2019–2020 first-time 9th graders at Collins Academy graduated high school by spring of 2023. Graduating high school with a high level of academic achievement is among the most important markers along the road to college success. Students who graduate from high school with a GPA of 3.0 or above have at least a 50 percent probability of graduating from a four-year college within six years. In order to graduate from high school on time, students must obtain a minimum of 24 credits.

How many 9th graders at Collins Academy graduated from high school and what were the college access levels of those graduates?

2023 Collins Academy College Access Level at Graduation

Our college access framework breaks students into different groups based on their graduating GPA and ACT scores (or converted SAT scores). Students with selective access are likely to be accepted to selective and very selective four-year colleges, students with somewhat selective access are likely to be accepted to somewhat selective and non-selective four-year colleges, and students with two-year access are likely to be accepted to two-year colleges.

Explore high school performance data to see how college access changed over time at Collins Academy.

How has the high school graduation rate and the proportion of students graduating with a 3.0 or above at Collins Academy changed over time?

4-year high school graduation rates since for all 9th graders

No data available for prior years.

Students who graduate from high school with a GPA of 3.0 or above have at least a 50 percent probability of graduating from a four-year college within six years.

How do High School Graduation rates vary by 9th grade on-track status at Collins Academy?

Explore <u>high school graduation data</u> to learn how predictive ninth-grade performance is of end-of-high-school outcomes at your school. This information can help school teams identify priority points of intervention for improving students' course performance.

College Enrollment at Collins Academy

of 2023 high school graduates from Collins Academy enrolled in college in fall of 2023. Students' choice of college influences their likelihood of earning a college degree. Students who choose a college with a strong track record of graduating its students, and which fits their unique financial, geographic, and cultural needs, are more likely to earn a college degree or credential. College may not be the best path for every student, but due to data limitations, we are not currently able to track outcomes for non-college pathways (for example, military service, trade school, workforce).

What institutions do Collins Academy's college enrollees attend and what are the graduation rates of those institutions?

Students' choice of college influences their likelihood of earning a college degree. Students who choose a college with a strong track record of graduating its students are more likely to earn a college degree or credential.

2023 enrollment of Collins Academy graduates by the 5 most commonly attended colleges

			-		
	Graduates Enrolled		URM Grad Rate	Institutional Grad Rate	Institution Type
Western Illinois University	12		29%	45%	4 year
Harris-Stowe State University	7		26%	27%	4 year
In order to preserve students' anonymity, only colleges that enrolled at least 5 students from Collins Academy in 2023 are included in this table.					

How have two-year and four-year college enrollment rates for graduates at Collins Academy changed over time?

College enrollment rates since 2011

How do enrollment rates for 2-year and 4-year colleges vary by gender at Collins Academy?
